AUTHOR CORRECTION

Unfortunately, there was a typographic error in this article. The sentence on p. 229 in the paragraph about rituximab that read:

“It is administered with two doses of 700 mg or 1000 mg 2 weeks apart, or with four weekly infusions of 375 mg·m⁻².”

should have read as follows:

“It is administered with two doses of 700 mg·m⁻² or 1000 mg 2 weeks apart, or with four weekly infusions of 375 mg·m⁻².”

The online version of the article has been amended to reflect this correction.
